partnership.

" Here is a new idea fresh from sondon," said a lady, showing some pretty bristmas gifts and holding up a curiously o structed sliver teaspoon. The bowl was priorated over it with a catch. The space 1 sed held just one very full teaspoon of makes a good cup of tea with a nimum of trouble. It is a capital conve

travelling. "Pepper with Meat." San Antonio, Tex., presents in sections a peculiar illustration of oms survive long after their cr ceased. One hundred and sixts. ago or thereabouts some fifteen Canary Island Spaniards, with a las

ber of Tiascalan Indians, started tr . and from their combination resulted Autonio customs of to-day. There re openair restaurants on the Plaza des A nes as in cornshuck as among the old Mexic a Indians Mexican peppers. At the tables comely siexican g. | act as waiters and serve up "chile co. carne,"

"tamales." "enchilades" and other truly native dishes. Observe that the "chile" is mentioned before the "carpe," which is very appropriate indeed, for to an American taste there is much more of it. It was indeed "pepper with meat," and not "meat with pepper," as "carne con chile" would mean. Women Lawyers in Amer. a.

There are now twenty-one law fir us in the United States composed of husb ads and wives, and there are about two hundred American ladies who practise law in the courts or manage legal publications. Miss Phorbe Cousins was the first woman admitted to the Washington University at St. Louis, and she has now practised with her father

arge incomes by the law.

for twenty-one years. Several women make

Its True Derivation. It is truly surprising what erroneous ideas are entertained by the general public and by many to the trade, for that matter, concerning the true meaning of many terms in general use. A striking example of t' is is the word "terne" as applied to tin plate. Usually it is understood that this word s derived indeed a revolution in a wheelwoman's dress. from the French one, meaning "du L" This so extensive that to give even a so-called So easy, graceful, light weight and, most of is totally incorrect. Terms plate is a sheet or all, no fear of a "wind up" in the pedal- plate of iron and steel covered with an alloy of tin and lead in the proportion of tire-thirds One reature of the dress while being worn lead and one-third tin. It is this un on of the cable to be relied upon as a protection against the Elevated roads is that of the Metropolitan Traction Company on Broadway and Seventh avenue, the most.
